Powerful mentoring programs for residents and new practitioners including "Ask the Experts"

Many very successful AAPPMM members make themselves available to personally mentor residents and new practitioners, and answer practice management questions for all members submitted through the "Ask the Experts" section of our website. We also have mentoring and educational practice management conference calls throughout the year for our members.

Weekly e-mail practice management pearls and monthly Webinars

Members receive scores of practice management pearls each year through our weekly e-mails and we offer monthly educational webinars – all aimed at helping you maximize patient care, office efficiency and profitability.
